Delivery of Services

Medi-Cal enrollees receive mental health and substance use services primarily through Medi-Cal Managed Care plans (MCPs) and Orange County’s Mental Health Plan (MHP). Orange County offers one MCP and the county MHP provide Medi-Cal services through a coordinated system of care in which enrollees may receive a portion of their care from the MCP and other portions from the MHP depending upon their mental health and substance use care needs. *MCP in Orange County: (1) CalOptima.*

Medi-Cal Managed Care Plans (MCPs)	Service Coordination & Referral	County Mental Health Plan (MHP) [§]
MCPs and their subcontractors primarily deliver outpatient mental health services including: <ul style="list-style-type: none"> Outpatient individual or group therapy Medication management Psychological testing Outpatient supplies, labs, & medications Psychiatric consultation 	MCP & MHP 	The MHP provides specialty services for adults meeting medical necessity criteria and children including: <ul style="list-style-type: none"> Rehabilitative mental health services Targeted case management Psychiatric inpatient hospitalization EPSDT, including supplemental services <p style="font-size: small; margin-top: 10px;">[§] Access services 24/7 by calling 1-800-723-8641.</p>

- In the Works:**
- 11 housing developments providing nearly 600 housing units upon completion.
 - Whole Person Care Pilot Program providing approximately 8,000 Medi-Cal enrollees with additional care coordination services.

Community Recommendations to Advance Equity

CPEHN facilitated community dialogue meetings across 4 regions in Southern California in late 2016 (Los Angeles, San Diego, Ventura, and the Inland Empire) to identify recommendations.

Policy & Practice	Education
<ul style="list-style-type: none"> ■ Create a workforce pipeline for jobs in the behavioral health field. ■ Using non-traditional setting as access points services and incorporating peer/ cultural brokers as part of the mental health system. ■ Engagement and collaboration with community stakeholders, churches, and schools to develop stigma reduction campaigns and programs. ■ Expand the use of the promotora model designed to fit community needs. ■ Facilitate opportunities to work with law enforcement on behavioral health issues. ■ Participate in the Drug Medi-Cal Organized Delivery System, expanding substance use treatment services for Medi-Cal enrollees. 	<ul style="list-style-type: none"> ■ Work with community organizations, clinics, and advocates to break the stigma of seeking mental health and substance use services. ■ Educate people on their rights, regardless of immigration status. ■ Encourage the use of these vital services for communities of color. ■ Educate county officials on community recommendations to improve access to services and culturally appropriate services.

CPEHN is currently organizing partners in Orange County to research specific recommendations for Orange County.

Connect with CPEHN (info@cpehn.org) to learn about advocacy days or provide stories about successes and challenges from community members who have accessed healthcare services.
